25/80137/COND|Discharge of Condition 10 (Archaeology) on 25/00394/FUL|21 Church Road Great Stukeley Huntingdon PE28 4AL

Dear Hannah,

Thank you for the consultation with regards to the archaeological implications of the above referenced planning application. We have reviewed the WSI and can confirm that it has been approved by this office for the purpose of evaluation the development impact for this site and the site covered by application **24/01734/FUL.** However the WSI is for archaeological evaluation only, and there may be further phases of work required as per chapter 1.6 within the document itself. We would therefore recommend the condition is retained in full at this stage.

Kind regards
