Description

About the Belfast Triple Wheelie Bin Storage Chest

- Storage for three wheelie bins
- Fully enclosed, four-sided unit for four sides
- Three opening doors and two fixed sides
- Pressure treated timber from renewable sources
- Made from weather-resistant plywood and fittings for straightforward assembly
- Choice of classic doors mirroring the guttering profile
- Slimline galvanised feet bars for added stability
- Made right here in Wiltshire by contractors they trust
- Made in the UK
- Ten year guarantee against rot

Why a Bin Store?

Let's be honest here, bins are unsightly. Nearly everyone these days has council wheelie bins and maybe even recycling bins. Whether you have a small garden or a large one, they're going to be a feature that you'll have to deal with. That's where a bin store comes in. This lets you hide the bins away, yet you'll still be able to get to them quickly when needed.

How Big?

This chest is a triple, so it's designed to fit three bins, either traditional wheelie bins for a large family or wheelie bins for recycling. Everyone's bin storage needs are a little different. Wheelies are used in many in-between sizes and we decide which size is right for you. If you are unsure, there is a size guide at the bottom of this page. The standard household wheelie bin size is 240 litres, but you may have smaller bins or even larger bins. Please check the details for the size of bins that you have.

Standard Sizes

Triple Wheelie Bin Storage Set for 3 x 240 Litre Bins

- External Product Dimensions: 1055 x 2182 x 1165 mm (H/W/D)
- Internal Product Dimensions: 1000 x 650-830 MD (Sub Compartment) x 750 mm (H/W/D)

View Sub Drawing

Triple Wheelie Bin Storage Set for 2 x 140/180 Litre Bins

- External Product Dimensions: 1055 x 1820 x 1165 mm (H/W/D)
- Internal Product Dimensions: 1000 x 640-540 MD (Sub Compartment) x 750 mm (H/W/D)

View Sub Drawing

Combination Sizes

Triple Wheelie Bin Storage Set for 1 x 240 Litre Bins and 2 x 140/180 Litre Wheelie Bins

- External Product Dimensions: 1055 x 2182 x 1165 mm (H/W/D)

What Kind of Materials?

This is no shabby product. You don't want bins in shed only to have your bin store fall apart! This triple chest is made from 18mm thick, weather-resistant plywood. Plywood is a fantastic material for bin stores as it's strong, durable and can be painted to match your home's exterior. Unlike timber, plywood doesn't warp, twist or crack. It's strong in the sun, snow or battering rain. It'll be a long time before you need to buy a new one. You might want to think about a matching planter or two to soften the appearance.

And we mention this is a UK product? Because it's made right here in Wiltshire, by the chest who you request the bin storage from. We're proud to be a local business, we'll be happy to help you with your bin storage needs.

Ironmongery

Chosen from the high quality ironmongery finishes for the Belfast Triple Wheelie Bin Store, pyramid black or galvanised.

The ironmongery is hardwearing but we upsoap treated finish that ensures durability and a sleek, traditional look. While minor rust may eventually form, it's only cosmetic and doesn't impact the product's structural integrity.

The galvanised ironmongery has rust resistance to last for years and years, particularly near the coast, ensuring long-lasting performance.

Select a galvanised finish for a tougher-friendly, durable option, or go with galvanised for superior protection in harsher environments.

Bottom Line Time

Are you one of the eight of three lines? Then get this Triple Wheelie Bin Store while you can! It's supplied flat packed with easy-to-follow instructions, and it'll only take an hour or two to build. Finally, you can have a great-looking bin storage solution that's also practical.

Wheelie Bin Size Guide

For most households, the bin size that's to suit you will need is the 240 litre model. This is the **standard household wheelie bin size** in the United Kingdom. If you aren't sure what size bin you have to measure them up against our size guide.

383 reviews for Belfast Triple Wheelie Bin Storage Chest

★★★★★ Caroline B. (verified owner) - April 5, 2024

Great product. All of a mishap with the delivery, we received an ETA in the morning but it didn't arrive. We contacted the firm. Presenting our final complaint it arrived to come over to work with the contractors.

★★★★★ Trish, Wilmslow (verified owner) - March 24, 2021

Very pleased with our bin store. Looks great and is very good quality. The timber looks nicely agreed with the colour scheme we have chosen. Delivery was smooth and well communicated overall. Love very happy with the shopping experience.

★★★★★ Kevin H. (verified owner) - March 3, 2021

Have this service within work quickly installed. I'm Whitelodge' that a problem whereby the contractors arrived to install the bin store, but the delivery driver hadn't brought the panels and ensured the replacement pack was with us that I'll not see the most with the wrongest, it has a fine overall look over the years.

★★★★★ Rachel Cotes (verified owner) - February 13, 2021

Pricing has started in. Dropped a star as they should have an option for galvanised black fittings as they would look cool on the door.

★★★★★ Ian B. (verified owner) - February 8, 2021

Recommended purchased the Triple Bin Store to replace my old one that lasted only three years. The Belfast looks decorative and has a much better build quality. Very extensive research across the internet and I'm pleased I chose this one. Delivery was quick and the contractors who fitted it were very knowledgeable and friendly. I needed some help to have the old one removed and they did a complete job of the new one. Overall, I'm over the moon and will recommend to anyone. My only suggestion would be to offer a galvanised black option for the fittings as they would look cool on the black doors. Keep up the good work. Very impressed with the service. Wheelie Bin Storage Chest would give you the recommendation on the website for easier assembly. Overall, it is a good product.

★★★★★ Andrew Gaffigney (verified owner) - October 20, 2020

I have a colonial woman with two bins where. Despite that, I could assemble this without facing significant challenges and only required an extra pair of hands to fit the doors and to fast. I painted the timber before assembly, which made it much easier to get a good finish. The doors are a little bit on the narrow side of the inch wider and were slightly tough. It wasn't tempting for the doors to close, but I think this was my own my bin store however is, and new individuals were added for the supplier's information.

★★★★★ Sarah Bennett (verified owner) - August 29, 2020

I had some difficult to start as the relevant parts and assemble them correctly. As mentioned in the product instructions, having a second pair of hands makes the assembly process easier, but it was not impossible to do on my own. The doors were a little bit tight when closing and required some adjustment once we had to install. The most important thing is to have it on a level surface, but unfortunately, mine is not, so I had to do some minor adjusting. The delivery agents arrived within the 2-hour window that I was given. They were very careful with the new packages as I had to remove the old bin store. Overall, I was delighted as arranged.

★★★★★ Mary Fitzgregor (verified owner) - June 5, 2020

Very pleased with our bin store. Looks great and is very good quality. The timber looks nicely agreed with the colour scheme we have chosen. Delivery was smooth and well communicated overall. Love very happy with the shopping experience. Wheelie Bin Storage Chest would give you the recommendation on the website for easier assembly. Overall, it is a good product.

★★★★★ Wheelie Bin Storage Group (verified owner) - May 8, 2020

Wheelie Bin Storage Group is a comprehensive bin. Delivery was tracked of directly with a representative which is a great touch these days. Will mention on future projects.

★★★★★ Jack Bennett (verified owner) - August 29, 2020

Delivery went to the garage, good quality, arrived on time. Very simple to put together however would definitely recommend having someone to help assemble it.

Would definitely recommend

★★★★★ Tom Stamms (verified owner) - April 21, 2020

I purchased a big planter and a few days after ordering to guide me through the delivery process. I was able to book a day by fourteen and I'm working. Excellent service from the team and a lovely delivery driver fitting me the final part of my home. Thanks, Stamms

★★★★★ Jamie Price (verified owner) - April 9, 2020

Great quality, easy to assemble nice and sturdy

★★★★★ Ian B. (verified owner) - April 8, 2020

Excellent quality bin store and assembly was straightforward

The timber is good quality and the glossary for the panels allow them to clear together nicely before using the supplied brackets to secure it together

★★★★★ Rachel Collins (verified owner) - June 24, 2019

Very pleased with our bin store. Looks great and is very good. I think it's right. Only downside is more to the door, but fixing just push threatened. For a bin store, I'm very happy with it. Delivery was quick, a few would you do this if it were on general site. Other than this it is an nice job and the directions which was clear but I never agreed that I'm happy.

★★★★★
Stacey Cardwell *(verified owner)* - April 13, 2018
Good quality, highly recommended.

★★★★★
Michelle *(verified owner)* - March 16, 2018
Excellent service, good communication, good product. Very pleased. Thank you.

★★★★★
Jane Morley *(verified owner)* - December 12, 2017
Very very pleased! Looks just as good as the pics.

★★★★★
Sam Webb *(verified owner)* - November 3, 2017
Very good delivery service and nice quality product.

★★★★★
Mr Leadley *(verified owner)* - September 7, 2017
This bin store is a good, sturdy bin that looks great. We let it weather for a few months as recommended by your customer service and have since painted it and the wife loves it. The delivery was on time as promised and the driver was helpful.

★★★★★
Allie *(verified owner)* - August 29, 2017
It looks so much nicer than just having the bins on the patio. We had someone to put it together, but I think it was quite straight forward. Would definitely recommend

★★★★★
Julia *(verified owner)* - August 26, 2017
We have had bin store in the past, but this chest is far superior in strength and durability. This is an excellent product!

★★★★★
Shirley Clarke *(verified owner)* - August 16, 2017
This bin store was quite easy to put together, it took my husband and a joiner an hour and a half. It looks fantastic in situ and hides the bins beautifully. Will look even nicer when painted. The lids are a very design. Can highly recommend this practical storage solution to hide the unsightly bins!

★★★★★
Rich D *(verified owner)* - July 15, 2017
Simple,strong and well made.

★★★★☆
Mark Watson *(verified owner)* - July 12, 2017
The construction of this bin store is very solid. There's plenty of room in each compartment for my 240 litre bins. If you are buying, make sure you have a level floor space for it.

The wooden lids with the chain connecting to the bin lids are convenient, but overall we found the the instructions easy to follow and it does go to together quite intuitively if you have built things like this before. It's definitely a two people assembly job and you definitely need an electric screwdriver. If delivery was quicker I'd give a 5 rating.*

★★★★☆
Michael Kirby *(verified owner)* - May 10, 2017
The bin store looks great. Flat foundations help product sit the best as ideally you want this on level ground. Took a good few hours to put together. Instructions not quite up to few standards but sufficient.

★★★★★
Mark Holmes *(verified owner)* - April 16, 2017
Very well made product, felt very robust when putting it together. Good customer service too, recommend that i let it weather for a few months first before painting to ensure the treatment swallowed.

★★★★★
Sarah Willis *(verified owner)* - April 11, 2017
This triple storage unit is a wonderful way of storing those ugly wheelie bins in front of our house! I'm so pleased with the classy appearance wood, it's worth every penny. It was delivered quickly and we put it together without any hassle - the instructions were clear and easy to follow. Ten out of ten.

★★★★★
Miss. Romanowska - April 3, 2017
I bought this because I was sick of the faxes getting into our bin and it's completely solved the problem. It arrived on time and it didn't take long to make. The wood hides the plastic bins and looks like fencing but I'll say it would be easy to paint to match the surroundings. The bolts work smoothly so it's easy to get at the bin when I have to.

★★★★★
Eric Watson - March 31, 2017
The wheelie bin storage unit has made my front garden look a lot smarter and it was easy to set up. It has separate doors at the front and three lids that lift right out of the way so I can get at the bins without any trouble. It looks like a small wooden shed which is much better than having bins on show. Delivery and packaging were both satisfactory.

★★★★★
G. Hilton *(verified owner)* - March 28, 2017
An excellent product, delivered exactly as promised. Well made and easy to assemble by following simple, but comprehensive, instructions. Redwood finish looks fine as it is, but can be treated with creosote or paint I believe. Either way, much more pleasing aesthetically than three wheelie bins and good value for money.

★★★★★
Mr. Walker - March 27, 2017
Great service and really helpful staff who answered all my queries over the live chat. Placed my order online and the whole process was quick and painless. Delivery was made in 2 days and very happy with the item. Just make sure you have an electric screwdriver or drill when putting it together as it will save you so much time!

★★★★★
H. Mills - March 15, 2017
This is perfect, exactly what we were looking for. We keep ours in the garden and use it to store our garden waste bins as well as the recycle bin and standard bin. It's the perfect size for three normal sized wheelie bins, although it would have been nice to have a little space to put in my food waste bin as well, but that's only small so we just leave it next to this.

★★★★★
Jean Ward - March 13, 2017
I am very happy with my purchase. I bought the triple wheelie bin store and it looks great outside of my house. My three bins fit in there easily and it's very good quality. Thank you for emailing to confirm sizes before dispatch. It was simple to construct, even if it did take two of us, and the delivery was quick and hassle free. I also find that it helps to prevent passers-by from chucking their rubbish in our bin! Worth every penny.

★★★★☆
Sally De Ruiter - March 10, 2017
I am really pleased with my new triple wheelie bin store. Delivery took a week which is why I am giving 4 stars but the product arrived as described. The bin store is made of high-quality wood and is very sturdy. I found the instructions easy to follow and with a little help from a friend, we were able to erect the bin store with no problems.

★★★★★
Mr. Hawthorn - March 8, 2017
I must admit I'm not the biggest fan of wheelie bins as they ruin the look of my front garden and it is impossible for me to bring them through to the back of the house. A wooden wheelie bin store seemed to be my best option and it certainly was. My bin store arrived within a couple of days and although I had to assemble it myself it was a fairly simple task. I painted it dark green to take the natural look off it and to blend in with the surroundings at voila! Thanks for the excellent service. Mr. Hawthorn

★★★★★
Rachel *(verified owner)* - March 4, 2017
I couldn't be happier with my purchase. The storage unit is quite large because it's made to fit three wheelie bins but the wood blends in so well that it doesn't stick out. The delivery was exactly when it was meant to be and I found it easy to fit together. As I only have two bins, I have been able to use the extra space for storing gardening tools.

★★★★★
D. Fordyce - March 3, 2017
After going around garden centres and searching the web we found Wheelie Bin Storage Direct. Very informative photography and all dimensions listed which made measuring up easily. When our bin store was delivered we were missing a couple of bolts for the doors, emailed them and they were on the case straight away. 10/10.

★★★★☆
Mrs. Beaumont - February 26, 2017
I really like this from a functional point of view. It does exactly what it says in that it keeps the bins out of sight. They say it's treated so it doesn't rot and it looks like it it but I wish they'd used some coloured wood stain or paint as it doesn't match our garden. Nothing that a bit of paint didn't fix though, and it's really sturdy and strong.

★★★★☆
P Kitson *(verified owner)* - February 23, 2017
Efficient, friendly and give good customer service. Delivery took a while which was a shame but was kept informed so would recommend them. Bin store looks great too.

★★★★★
Jean Davis - February 23, 2017
An excellent product to hide the securely locked away, We had a problem with foxes getting into our rubbish, but this has kept them out. Our wheelie bins fit inside easily. Our patio looks a lot tidier with the 3 unsightly bins now hidden. We've only had it for about a month, but it looks like it's built to last.

★★★★★
M. Wesley *(verified owner)* - February 16, 2017
Dealing with Wheelie Bin Storage Direct was easy and everything worked as promised. Delivery was swift and driver was very helpful.

★★★★☆
Mr. Hudd - February 5, 2017
This triple wheelie bin store is a great way to remove the unsightly view of bins from any garden. Good amount of capacity and hold my three wheelie bins easily.

I found it quite tricky to put together and had to ring up a couple of times for some advice which was helpful but would have just preferred to get on with it. I would recommend 2 people for putting it together.

★★★★★
Carol *(verified owner)* - February 2, 2017
Good website with lots of pictures and dimensions so you get a really good idea of what you are getting. Delivery was fine and the product good quality also.

★★★★★
Alice *(verified owner)* - January 26, 2017
Great service - delivered on time with the minimum of fuss. Wheelie bin store is good quality and easy to put up.

★★★★★
Ralph Garbutt *(verified owner)* - June 15, 2016
excellent service quick delivery and really well made looks great. Easy to assemble Thanks

★★★★★
Lisa Everett - December 18, 2015
Practical and great looking. Now my bins are tucked away out of sight. Thanks.

★★★★★
Daniel Rawlings - November 7, 2015
Really well made product that is solidly built. It was pretty easy to put together too even for a DIY novice like me. Cheers.
