Discharge of Conditions 4 (Implementation of Approved Remediation Scheme), 10 (Bin and Cycle Storage) and 12 (Additional Flood Prevention Measures) for 20/01687/FUL

I have reviewed the "*Phase 4 Verification Report*" written by Oakshire Environmental (dated 21 November 2024) and agree with the findings.

I have no objection to the report being approved in accordance with Condition 4 part C.

Condition 4 may be discharged in its entirety if there are to be no more excavations made into the ground.
