Dear Ms Morse

Your Ref: DLO/02/01471/FUL

PROPOSED ERECTION OF DOUBLE GARAGE AT 14 TITHE CLOSE HILTON

I refer to Mr Moffat's letter of 27 March 2007 in which he rejected our plans to increase the height and length of the proposed garage/study.

We have consulted with our builder and would ask you to kindly consider the following revision. It is still proposed to increase the length of the building by 1.5m into our back garden but maintain the height of the construction as per the original plan at 4.5m.

This is illustrated in the attached appendices. The building from the front will look exactly the same as the building for which permission has already been given. The garage/study at the rear will be extended into our back garden and will be behind a 6 foot high fence (which already exists).

I hope this modification meets with your approval and I look forward to hearing from you.

Please do not hesitate to contact me if you have any queries.

Yours sincerely,

Peter Oates
