Comments Details

Commenter Type:	Town or Parish Council
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	The tree is located between the property and the A1(M) and are surrounded by numerous other trees however the Parish Council is finding it very difficult to consider this planning request given the lack of information. Specific details would be beneficial. For example, what is the current height of the tree and could you confirm its actual location as the plan provided is vague and inaccurate? Until this information is provided, the Parish Council is neutral on this application.

Kind regards
