Subject: Re: Planning consultation notification 25/80202/COND

Hi Olivia

Planning Ref: 25/80202/COND
Env Health Ref: 413002

Pringle Farm Pringle Way Little Stukeley
Discharge of condition 9 (contamination) of 23/02319/S73

I write with regard to the "*Statement of Future Usage at Pringle Farm, Pringle Way, Little Stukeley*" written by Lucion Ground Engineering Ltd (letter reference AJM/131418A, dated 18 June 2025).

I agree that no remediation is required providing the following is adhered to:

1. The ground is not disturbed on and around the existing car park area in the south half of the site.

2. Soil shall not be imported onto the site.

Parts A, B and C of Condition 9 may be discharged, leaving only part D relating to unexpected contamination that may be discharged once the development has been completed and no unexpected contamination has been found, and the car parking landscaping area has not been disturbed, and no soil has been imported.

Best regards,
Aaron

Aaron Morley
Environmental Health Officer
