RE: ***Application description***

Proposal: Discharge of condition 21 of 16/00194/OUT
Location: Land Northwest End of Dorling Way Brampton

In relation to the discharge of condition 21 I would have the following comments to make.

Although the development has gone through the section 38 vetting process and technical approval for the drawing has been given the process has never been completed, consequently there is no signed agreement. However.

- Drawings 5661-1551 Rev P08 and 5661-1552 Rev P08 do conform to areas which are considered adoptable.
- A scheme of inspection and maintenance has been provided prior to any adoption.
- The street lighting layout within the proposed adoptable areas has been approved.

Therefore, from a Highway Authorities perspective I would have no objection to the eventual discharge of condition 21 given the submitted information.
