Hi [redacted]

Planning Ref: 24/80414/COND
Env Health Ref: 402450

White Towers Wood End Bluntisham
Discharge of Condition 3A and 3B (Contamination) of 24/00535/PMBPA

I write with regard to the "*Phase 1 Land Contamination Risk Assessment with Exploratory Investigation*" written by Castledine Environmental (report reference 3836D P1 Redwood – Bluntisham, dated 18 November 2024).

The report is acceptable in accordance with Condition 3 part A so may be approved.

The report suggests a remediation option, however, a more detailed remediation scheme with verification methods is required in accordance with Condition 3 part B.

Thanks,
