Dear sir/madam

I live at 17 Beech grove st neots and believe my next door neighbour of 6 Harland road has put in planning permission for single storey extension all around their house, which I have no problem with but I do have a problem with where their soak aways are going as they are not on the plans that we have please could you confirm this as we are very concerned that our front and back garden will become boggy as we park our cars on the front garden.
We look forward hearing back with an answer to this.
Yours sincerely
