APPLICATION N0S. REF: 23/01989/LBC - 23/01988/HHFUL - ANDREA DOLLARD
APPLICANT: ANN LEEMING, 87 HIGH STREET, BRAMPTON, HUNTINGDON, PE28 4TQ

With reference to the sample area of brickwork repointing and the replacement of defective bricks, we confirm that this work has now been completed on site for our client.

The sample bricks used have been selected from our existing stock and are included within the sample panel provided. These bricks were chosen by our in-house brickwork specialist, Stephen West, who has been employed by JH Building Restoration Ltd for the past 15 years and brings extensive experience from his prior involvement in numerous high-profile historic building projects.

Stephen has confirmed that the selected bricks are a more than satisfactory match and appropriate for use as replacements in this context.

We invite you to attend the site to inspect the sample panel and confirm that it meets your expectations.

Should you have any questions regarding this element of the application, please do not hesitate to contact us directly.

Yours sincerely,

Deborah Parratt
Office Administrator
