Dear Steve,

ST. JAMES'S PALACE, EXTERNAL CLEANING AND REPAIRS

I would like to take the opportunity of thanking you personally for all your efforts over the past few years, at St.James's.

I have enjoyed being involved this job and it has been a pleasure to work with everyone on site.

All the excellent work carried out is testament to the fact that true quality workmanship is still around. I thank you most sincerely for achieving the fine results.

It is unfortunate that the future work at St.James's will not follow on immediately and take advantage of the team on site. I was pleased, however, that David was able to find you some work at Cambridge for the present.

I took the liberty of asking David to provide me with your address, in case I hear of any suitable work that may interest you.

A copy of a photograph I took on site is attached for your amusement!

With all best wishes for the future,

Phil.

Phil Tunstall
