Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The errection of more dwellings in Luke Street or off Luke Street will lead to an increase in traffic flow and demands on parking spaces. Luke Street is already at full capacity regarding parked cars, to increase dwellings, increases the amount of cars either using or parking in this road. Luke Street is a victorian street and was never designed for todays traffic requirements. There us also a raft of new homes being built in St Neots and this application is not needed,and as a conservation area should be left as is . There for I strongly object to this proposal.

Kind regards
