Planning Application Ref 26/02051/S73 varying 25/02142/HHFUL

From:
[redacted]
16 Kings Road
St Neots PE19 1LD

We have been watching this extension being built, in particular the very large bedroom gable window and the second gable adjacent to it [redacted]

We wish to raise two issues:

1. Our rear garden has until now not been significantly overlooked, and these new gable windows clearly overlook it from quite a close distance, which is concerning to us as a loss of privacy.

2. We received no notification of the original planning application, until your letter regarding the variation, so we had no opportunity to comment on the original plans before construction began. Please confirm whether you attempted to notify us. If you did, the notification did not arrive; if you did not, could you explain why, as we believe the potential loss of privacy should have necessitated consulting us.
