Consultee comments 24/80385/COND – HDC Waste Team

Hi Kevin,

Happy New Year!

Thank you for following this up

The bin collection point within the proposed bin store works for us and the crews will collect and return the bins via the High Street on the designated collection days.

The only thing we ask is that the store is used for collection purposes only and that residents ensure they remove the bins from here as after collection as possible. This will ensure the crews are not delayed emptying the bins.

Thanks

Huntingdonshire DISTRICT COUNCIL
