Brook House, Church Road, Easton, Huntingdon, PE28 0TU,
[redacted]

10 December 2024

Huntingdon District Council (Conservation department)
St Mary's Street
Huntingdon PE29 3TN

Dear Sir
Our house is in a Conservation Area, next to St Peter's church, Easton.

I am seeking permission to fell a large birch tree whose upper branches now overhang the thatched roof of our property. We plan to rethatch the property in a year's time and the thatcher, Clive Dobson, has asked us to fell this tree as it is threatening the thatch. It would be best to do this work this winter while the leaves are off. The tree stands in a shrubbery which conceals the boundary fence. We have spoken to our neighbours and they agree with our doing this work.

Details:

Age of tree	ca 50 years
Trunk circumference (at breast height)	1.4m
Trunk distance from house:	7.0 m
Trunk distance from neighbour's boundary	2m

With regards [redacted]
