RE: Application description
Proposal: Installation of Solar PV system (4.6kw solar array)

Site address: Ramsey Town Council Great Whyte Ramsey

Following a review of the documents provided to the Highway Authority as part of the above planning application I have noted that the application is to install solar panels on the rear roof of the Town Council building on the junction of Great Whyte and Little Whyte, facing east. The height and pitch of the roof is such that the effect of the proposed development upon the public highway should be minimal.

The Local Highway Authority raises no objections to the proposed development.
