Dear Tree Officer,
Further to the Parish Council meeting held last night the Council have asked me to comment that they are not in favour of the tree being felled. The Oak is a native species to the area and is quite old and well established and has no disease. The Parish Council feel that the tree is not encroaching on the dwelling and that further trees closer to the dwelling boundary are creating issues.
If you feel that this tree is causing harm, then root barrier work would be acceptable to the Council but they do not want to see the tree removed.
It is hoped that you will take these comments into consideration when you make your decision.
Regards
