Dear [redacted]

Land to the East of Ivy Way, Spaldwick, PE28 0UN - Application for Approval of Details reserved by Condition of 9 of 23/01948/FUL

Smith Jenkins Planning & Heritage provides planning advice to Blenheim Land and Homes Limited (the applicant) in respect of Land to the East of Ivy Way, Spaldwick. On behalf of the applicant, we are pleased to enclose an application for approval of details reserved by Condition 9 of 23/01948/FUL.

In addition to this letter, the application comprises the following:

- Application Forms
- Proposed PROW Alterations - 0025-107-00
- Emails from Cambridge County Council

The application has been submitted via the planning portal (PP-13642386). The application fee has been paid via the online payment system.

Background

Planning permission was granted for *"Construction of 15 no. dwellings with associated access, car parking and landscaping (re-submission of 23/00649/FUL)"* (23/01948/FUL) 27 June 2024.

The application was granted subject to 33 conditions, as given on the Decision Notice. This application seeks to discharge Condition 9.

Condition 9 – Public Right of Way Scheme

Condition 9 states:

"Prior to the commencement of development, a Public Rights of Way Scheme shall be submitted to and approved by the Local Planning Authority in consultation with the Local Highway Authority. Such scheme shall include provision for:

1. *the design of the public rights of way routes, their surfacing, widths, gradients, landscaping and structures*
2. *any proposals for diversion, upgrade and creation of public rights of way.*

The scheme shall then be implemented in full accordance with the approved details prior to 50 per cent of the dwellings being occupied"

The following document has been submitted to discharge Condition 9:

- Proposed PROW Alterations
- Emails from Cambridge County Council

The specification for the footpath is given as follows:

- *Minimum 2m footpath width – with the offset for the adjacent landscaping of 2m*
- *Bounded by 50mm timber edging*
- *100mm Sub-base of compacted crushed stone or MOT Type 2 material*
- *50mm surface course of fine MOT Type 1, compacted*
- *Top layer seeded with a hard-wearing grass variety to differentiate it and to blend into the adjacent landscaping*

The above specification was agreed with officers (Katharine Barnes & Dan Wiggs) at Cambridgeshire County Council (see enclosed email). In terms of the gradient, the diverted PROW will have a level gradient (1:1).

The applicant understands that the footpath diversion is subject to a separate consent process. An application to divert the footpath (Spaldwick 209/12) was submitted on 29 September 2024 (Case Number P150) under Section 257 of the Town & Country Planning Act.

Please note that an application (HDC reference 24/80438/COND) to discharge Condition 12 of 23/00649/FUL, an identical scheme allowed via Appeal (PINS reference APP/H0520/W/23/3330136) has been submitted in parallel to this application. That application also seeks approval for details in relation to the PROW scheme.

We trust that the enclosed information is sufficient to fully discharge Conditions 9. Should you have any queries in relation to the above please do not hesitate to contact me.

Yours sincerely
