Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I have passed this property for many years and have thought that it was a shame it had become such an eyesore. The existing boundary and access is not, in my view, in keeping with the prominent location within the village this property has. The proposed changes would improve the overall look of the road passing the property and the pavement and make a difficult junction far easier to navigate if vehicles are trying to access the property.

Kind regards
