HAPC resolved to recommend neither for nor against this application given that the majority of the plans that have been submitted have been accepted by HDC and Heritage England.

We wish to record the following:

HAPC strongly supports HDC's requirement that the newly laid tarmac is lifted and replaced with a more suitable surface in keeping with a heritage site.

HAPC will request that HDC Building Control carries out an audit on the completed work to ensure that it has been carried out to the proposed specifications and meets the required standards.
