Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Very happy to support this application, the property has been in disrepair for a long time and the current owners are making a huge difference to the asthetic of the property and surrounding boundary. I understand the widened vehicular entrance will provide a safer way to enter the property from the high street which is often busy with parked cars and traffic.

Kind regards
