Hi Charlotte

Planning Ref: 25/01095/FUL
Env Health Ref: 414464

2 Wheatsheaf Cottages Alconbury Hill Alconbury Weston Huntingdon PE28 4JH
Change of use from Photographic Studio to residential annexe (Retrospective)

We have no objections to this proposal with regard to environmental health matters. This is an annex attached to the main house. Windows facing away from the main road. The garden is shielded from road noise by the building. There is no known source of contamination.
However, the annex does appear to be capable of becoming a separate dwelling with its own external entrance and no internal access to it from the main house and with a separate kitchen, bathroom, bedroom, living-room and garden.

Regards,
Aaron
