RE: ***Application description***

Proposal: Discharge of Conditions 6 (Access) and 11 (Layout) on 24/00938/FUL
Location Tower Farm and Stables Toseland Road Yelling PE19 6SA

In relation to the condition discharge, I have the following comments

I note the condition numbers in relation to application 24/00938/FUL Appear to have been swapped.

Conditions 6 (Layout) Not a highway condition no comments to make.

Conditions11 (Access) the proposed access is indicated to be in accordance with out construction document (HERCS) for construction which is acceptable.

Following the submission of amended drawing HC01C which includes the acco drain at the highway boundary this is acceptable for the eventual discharge of the condition I would reiterate that below.

The pipe indicated possibly replaces and existing pipe under the access. However, LLFA approval should be sought in relation to its size and construction elements of it.
