Your Ref:

30th May 2025

Dear Mr England

Town & Country Planning (General Permitted Development) (England) Order 2015.

Proposal: Change of use to dwelling, changes to windows and internal alterations (Units 3 and 4)

Site address: Fen Road Industrial Estate Fen Road Pidley PE28 3FA

Applicant: Mr David Hopkins

I refer to the above submission received on the 26th March 2025 and can confirm that Prior Approval has been given for the proposal. You will be free to proceed with the development under the "Order" provided that it is exactly in accordance with your submitted proposals.

Conditions:

1. Condition.
Development must be completed within a period of 3 years starting with the prior approval date.

Reason: In accordance with paragraph MA.2 of Schedule 2, Part 3, Class MA, of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)

2. Condition.
Any building permitted to be used as a dwellinghouse by virtue of Class MA is to remain in use as a dwellinghouse within the meaning of Class C3 of Schedule 1 to the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the use as a dwellinghouse.

Reason: In accordance with paragraph MA.2 (6) of Schedule 2, Part 3, Class MA of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)

3. Condition.

The development shall only be carried out in complete accordance with the details submitted to the Local Planning Authority.

Reason: In accordance with Paragraph W (12) (a) of the Town and Country Planning (General Permitted Development) Order 2015 (as amended or re-enacted)

4. Condition.

Prior to first occupation secure covered cycle storage (one cycle space per bedroom per unit) shall be made available on site.

Reason: To promote sustainable transport methods in accordance with Policies LP16 and LP17 of Huntingdonshire's Local Plan to 2036.

5. Condition.

A. Site Investigation Information

No development shall take place until an assessment of the nature and extent of contamination has been submitted to and approved in writing by the local planning authority. This assessment must be undertaken by a competent person and shall assess any contamination on the site, whether or not it originates from the site. Moreover, it must include;

(i) details of previous land uses;
(ii) a site investigation survey of the extent, scale and nature of contamination;
(iii) an assessment of the potential risks to;
a. human health,
b. property*,
c. adjoining land,
d. groundwaters and surface waters,
e. ecological systems and
f. archaeological sites and ancient monuments.

* Property (existing or proposed) includes buildings, crops, livestock, pets, woodland and service lines and pipes

B. Submission of Remediation Scheme

Where contaminated is found which poses unacceptable risks, as determined by the local planning authority in its response to (A), no development shall take place until a detailed remediation scheme has been submitted to and approved in writing by the local planning authority. The scheme shall include;

(i) an options appraisal and remediation strategy;
(ii) remediation objectives and remediation criteria;
(iii) remediation works to be undertaken and the order in which the works will be progressed;
(iv) a verification scheme providing details of the data that will be collected in order to demonstrate that the works set out in (iii) have been completed and identifying any requirements for longer-term monitoring of contaminant linkages, maintenance and arrangements for contingency action.

The scheme should be designed to ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use.

C. Implementation of Approved Remediation Scheme

Where a detailed remediation scheme has been required and approved under (B), no occupation of any part of the permitted development which has been identified in the scheme as being subject to contamination shall take place until the approved scheme has been implemented and the verification report, including the results of sampling and monitoring carried out in accordance with the approved verification scheme to demonstrate that the site remediation criteria have been met, has been submitted to and approved in writing by the local planning authority. The report shall, if required by the local planning authority, also include a reassessment of the long-term monitoring of contaminant linkages, maintenance and arrangements for contingency action. The long-term monitoring and maintenance proposals shall be implemented as finally approved.

D. Reporting of Unexpected Contamination

If, during development, contamination not previously identified is found to be present at the site;

(i) it shall be reported in writing to the local planning authority within 1 working day;

(ii) no further development (unless otherwise agreed in writing by the local planning authority) shall be carried out until site investigations have been undertaken and a remediation strategy has been submitted to and approved in writing by the local planning authority detailing how this unsuspected contamination will be dealt with;

(iii) the remediation strategy shall be implemented as approved;

(iv) no occupation of any part of the permitted development identified in the remediation strategy as being affected by the previously unidentified contamination shall take place until;

a. the approved scheme has been implemented in full and any verification report required by the scheme has been submitted to and approved in writing by the local planning authority;

b. if required by the local planning authority, any proposals for long-term monitoring of contaminant linkages, maintenance and arrangements for contingency action have been submitted to and approved in writing by the local planning authority.

(v) the long-term monitoring and maintenance plan shall be implemented as approved.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property, ecological systems and heritage assets, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, in accordance with Policy LP37 of the Huntingdonshire Local Plan to 2036 and the National Planning Policy Framework (2024).

6. Condition.

No development above slab level shall commence until a noise assessment and any noise insulation/mitigation scheme if required has been submitted to and approved in writing by the local planning authority. The noise assessment/insulation scheme shall

have regard to the external and internal noise levels recommended in British standard 8223:2014 "Guidance on sound insulation and noise reduction for buildings" and shall include details of:

*the acoustic/noise insulation performance specification of the external building envelope of the residential units having regard to the building fabric, glazing and ventilation;

*mitigation to reduce the level of noise experienced externally and internally

Where submitted, the scheme shall be carried out as approved before the use is commenced or the development is occupied and shall be retained as such.

Reason: To protect the amenity of future occupiers in accordance with Policy LP14 of the Huntingdonshire Local Plan to 2036.

7. Note to applicant.

Statement as to how the Local Planning Authority (LPA) has worked with the applicant in a positive and proactive manner on seeking solutions:

When an application is received, planning conditions will be used where they can make a development acceptable.

A clear reason for refusal identifies the specific reasons why the development is unacceptable and helps the applicant to determine whether and how the proposal can be revised to make it acceptable.

In relation to this application, it was considered and the process managed in accordance with the National Planning Policy Framework 2024.

8. Note to applicant.

A fee is payable for each "request" when submitting details pursuant to a condition or conditions of this permission that require(s) details to be submitted to and approved by the Local Planning Authority (i.e. details submitted under Article 27 of the Town and Country Planning (General Development Procedure) Order 2015. Further details on what constitutes a "request" can be found in the "Guidance Note - Fees for confirmation of compliance with condition attached to a planning permission". The appropriate fee can be found in the "Planning Fees Form". Both documents can be viewed via www.huntingdonshire.gov.uk. The Local Planning Authority should give written confirmation within a period of 8 weeks from the date on which the request and fee are received.

It is a requirement of Part 3 Schedule 2 of the Town and Country Planning (General Permitted Development) Order 2015 (as amended) that the development shall be completed within a period of 3 years starting with the prior approval date.

It is a requirement of the above that the applicant shall notify the Local Planning Authority of the completion of the development as soon as reasonably practicable after completion, and that this notification shall be in writing and include (a) the name of the applicant, (b) the address or location of the development and (c) the date of completion.

Consent may be required under Building Regulations and you should contact that Department on 01480 388455.

Kerr Clara
Officer Planning Chief
