Dear Hannah

Thank you for your consultation regarding the above application for the discharge of the archaeological condition of planning permission.

We are content that the Written Scheme of Investigation submitted in support of this application is appropriate to address the requirements under condition 17 of planning permission 18/01918/OUT. We have no objection to the discharge of this condition.

Then post excavation elements of the programme of work detailed in the WSI are secured by condition 18 of planning permission and should not be subject to discharge at present.

Kind regards

Andy Thomas
Archaeology Planning Manager
