Having spoken to Customer Services I need you to be aware of the following points : -

1. Although you have done a site visit, this needs to be done not during working hours (as guess what people drive to work and gives a false impression) but after 6pm to see the true picture.so you can see the true problems This should also include viewing the public car park in Ingram Street also so you can see the full picture.). Doing the site visit during working hours is utterly pointless.

2, You also need to consider the recent changes made this year by HDC (not County) to the residents parking permit scheme which has made the situation worse and this will add to this making this untenable..

Dear Sir / Madam,

Please note I live at 21 Euston Street, not 23 this was an error.

Any queries please let me know.

Dear Sir / Madam,

I live at 23 Euston Street across and have just received your letter dated 1/12/25 regarding the proposal to convert the outbuilding of 16a Euston Street to self contained residential use.

Please note I object to this most strongly on the grounds of parking.

Already due to many properties being converted into flats car parking spaces are at an extreme premium.

The public pay and display car park in Ingram Street is not an option as many of us already have to pay for a permit to use this and cannot even park there because it is always full.

Adding more residential applications only makes an already terrible situation, untenable.

If you need any more information please let me know.

Please confirm receipt of this objection and advise of next steps.
