Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The application seeks to vary 'Condition 2' to allow the development to be carried out in accordance with revised plans reflecting amendments to the approved scheme. These include extending the first-floor bathroom gable forward to align with the adjoining new bedroom gable and showing the proposed ground-floor slit window on the west elevation.

The amendments are intended to improve the functionality of the bathroom and add some more natural lighting to the kitchen as well as ensuring the approved drawings reflect the proposed development. The revised plans clearly identify the changes from the previously approved scheme.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Condition 2 is to be varied to substitute the currently approved drawings with the revised drawings submitted with this application. The revised drawings show the first-floor bathroom gable extended outward to align with the adjoining bedroom gable, together with the ground-floor slot window correctly represented on the west elevation. All other conditions remain unchanged.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Liability for CIL (when applying to Remove or Vary Conditions on an Existing Planning Permission)

Does the application involve a change in the amount or use of new build development, where the total (including that previously granted planning permission) is over 100 square metres gross internal area?

◯ Yes
⊘ No

Note: Answer No if either:

- the new or additional internal area only relates to a building into which people do not normally go or only go into intermittently for the purposes of inspecting or maintaining fixed plant or machinery; or
- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

Does the application involve a change in the amount of gross internal area where one or more new dwellings (including residential annexes) are to be created, either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?

◯ Yes
⊘ No
