Subject: 25/00891/FUL Land At Eastern Edge Of Little Staughton Solar Farm Little Staughton Airfield Little Staughton

Dear Robyn

25/00891/FUL Land At Eastern Edge Of Little Staughton Solar Farm Little Staughton Airfield Little Staughton

Thank you for your consultation in regards to the above planning application.

Our records indicate that the development site is situated in an area of archaeological potential, specifically the access road which runs through three areas of cropmarks indicating Iron Age to Roman settlement activity (CHER ref. MCB19079, MCB19076 and MCB18721).

In the first instance, could we query the extent of subsurface works through the access road portion of the scheme. For example, is there to be any resurfacing or cabling along the route.

Kind Regards

Megan Cameron-Heffer
