Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	[redacted] [redacted] 5 Quaker Close, the property adjoining 7 Quaker Close, [redacted]. I'm writing to object in principle as I don't believe there has been due process with regard contacting myself about this application . My tenant and management company have not been approached and no formal letter has been sent to my [redacted] address. I have only found out [redacted] very recently and was told by one of the village residents. As such I'm unconvinced that we have had time to submit our thoughts. Our property has been subject to severe subsidence, underpinning and other structural work and I'd like some very clear reassurances about any building works impact on this

going forward.
It's also unclear whether this application is as wide ranging as the previous application that [redacted] raised concerns about

I'd like my concerns noted and addressed please particularly in respect of subsidence impact and wall/ foundations proximity
Regards
[redacted]

Kind regards
