RE: ***Application description***

Proposal: EIA Scoping request for major scale employment development
Location Brookfield Farm Ermine Street Great Stukeley Huntingdon PE28 4AB

No comments in relation to the EIA scoping request which generally relates to assessment of requirements for any transport assessment to be submitted for future applications.

Access to the site will need to provide satisfactory connection to the existing highway infrastructure in accordance with DMRB criteria and safety audit assessment.

Early involvement with the signals team in relation to the existing signals on Spittals interchange, safety audit and active travel is advised, in relation to any forthcoming applications
